

10 Day Trapper Trail

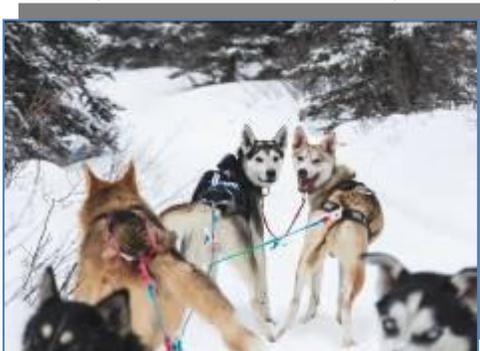

Step back in time on the Trapper Trail Tour. This tour will take you on historic trails used by many trappers over the years. Spend the first few days learning the basics of mushing, forming a relationship with your dogs and exploring the untouched beauty of the Fish Lake area. Then imagine yourself as an old time trapper setting off into the wilderness to make your living, sleeping in our wall tent camp for two or three nights and then on to Coal Lake camp where we have an original trapper cabin. If you are lucky you may see the amazingly beautiful Aurora Borealis dancing in the skies for you. We do everything we can to ensure that this is your adventure of a lifetime and that you go home with many happy memories of your visit at Sky High.

Depending on the dynamics of the group, this tour may include a 3rd tent night and the itinerary may change slightly. All meals are in the main lodge with other guests on tours at Sky High. Meals are informal, family style and follow a set menu each day.

Then we say good morning to our new canine friends and ensure they are fed, watered and happy before harnessing them around 11am. Today we cover approx 35km in distance driving towards secluded Jackson Lake. The only sound will be the runners in the snow, the working dogs, and your words of encouragement. This is the day that you begin to know each dog's personality and form a bond that only man and dog can understand. With every stop, praise and show of affection for your dogs, they will learn to trust you and you to trust them. Overnight at Sky High Wilderness Ranch. (Breakfast, Lunch, Dinner)

Day 3 | Friday

Today your team will pull you east of the ranch. As we climb in elevation we are heading onto an old abandoned mining road on McIntyre Mountain. Enjoy the pristine landscape of the coastal mountains nestling Fish Lake in it's valley. Keep an eye out for wildlife - you never know what you might see! Return to Sky High lodge for the night. Take care of the dogs and then curl up by the fire or sit around the dinner table recounting your adventures with others. There is a gravity fed shower waiting for you in the Lodge. (Breakfast, Lunch, Dinner)

Day 4 | Saturday

This day takes us towards beautiful Bonneville Lakes, west of the ranch. The trails are narrower here with some challenging ups and downs. The scenery is breathtaking and the coastal mountains are always in view to the south and west. Part of the trip we are above tree line and easily cover 20-30km. In harmony with the running rhythm of your team you will enjoy nature like you have never experienced it before. There is a gravity fed shower and sauna waiting for you in the lodge. (Breakfast, Lunch, Dinner)

Day 5 | Sunday

Imagine yourself years ago when only dogsled was used for transportation. Head out into the untouched wilderness for 3 days of winter camping at our Wall Tent camp at Dry Creek. A surge of new life creeps into your soul as you journey farther into the amazing landscape surrounding the Fish Lake Area. The trail on this day follows the shores of Fish Lake, climbs and heads into the coastal mountain range to the south. Enjoy the crisp freshness of this day and don't forget to take photos! Curl up at night by the woodstove for a cozy sleep in our wall tents. (Breakfast, Lunch, Dinner)

Day 6 | Monday

At dawn enjoy a hearty camp breakfast in our wall tent kitchen. From our camp, weather permitting, we will make a run to the top of the mountain above the tree line to Ptarmigan Flats. Keep your eyes open for this beautiful white bird, while sledding on miles of windblown hill tops. Overnight at Wall tent Camp. (Breakfast, Lunch, Dinner)

Day 7 | Tuesday

On this day we wake to a hearty musher's breakfast, feed our dogs and start our journey back to Sky High for another cozy night in the lodge. Sit by the fire and recount the adventures of your winter camping trip with others at the lodge. (Breakfast, Lunch, Dinner)

Day 8 | Wednesday

Leave the last remnants of civilization, step back in time and become one with your team as you mush the historic trails to our trapper cabin at remote Coal Lake. Everything we need for this camp will be packed on our sleds. Here we live the simple life with just the basics; cutting firewood, cooking over the fire or on the woodstove, heating water for washing, mushing the scenic trails and sharing stories by the fire in the evening. We have a good chance of seeing Caribou or moose in this area so keep your camera handy! Over night at Coal Lake base camp. (Breakfast, Lunch, Dinner)

Day 9 | Thursday

Today our journey takes us across Coal Lake towards Alligator Lake. The Alpine landscape is enticing and has a northern charm all it's own. Here your driving skills will be tested, as a few trails will demand your attention. Coal Lake is a favorite spot for ice fishing and has been used as a food supply for many an old time trapper. Over night at Coal Lake base camp. (Breakfast, Lunch, Dinner)

Day 10 | Friday

Wake with the sun and greet the day with a hot cup of coffee and a hearty breakfast. On this last day of mushing breath deeply the fresh clean air and take in the rugged landscape one last time as you run your team back towards Sky High Wilderness Ranch. As you mush over the clean white snow, listen one last time to the quiet whoosh of the runners and the soft panting of the dogs. Keep those memories forever with some last photos of your return trip. Back at Sky High we will have a hot lunch. Pack your belongings and enjoy the drive winding down Fish Lake Rd. to Whitehorse for your last night in the Best Western Gold Rush Inn. Once we arrive in Whitehorse you will receive your musher diploma. (Breakfast, Lunch)

* To participate, you must be healthy, enjoy working with dogs and have a good team spirit. Dog sledding is a physical activity so you should be in relatively good physical shape. You don't just stand on the back of a sled and wait for the adventure to happen like in the movies. YOU have to work, YOU have to be fit. YOU are running with your sled to help the dogs up the hills or pushing it along with your legs. YOU do have to use your body to go on the trails to slow down and go round corners. YOU do help feed the dogs after they work hard all day, YOU do clear up dog poo at camp and set them up with straw for the night. YOU do ensure your kit is ready and checked every morning before YOU harness the dogs.

* We point out, that unforeseeable circumstances such as weather conditions, wind chill factor, extreme temperatures (-30 or lower), condition of the group or illness of the dogs may force us to change this itinerary. The safety of our guests takes precedence and our decisions are final.

* You will be required to sign a "release of claims and waiver of liability form" prior to the departure of this tour. We strongly suggest that all of our guests consider the purchase of travel insurance for protection against cancellation penalties and many other unforeseeable circumstances such as emergency medical evacuation.

* We offer hearty home cooked meals prepared by our guides in our cozy lodge kitchen We do not charge for special diets however we do require a Doctor's note in order for us to cater to any special diet. Space for cooking and food storage is limited and therefore ask that you send Doctor's note with all dietary issues/allergies at least 2 weeks in advance of your arrival so that we can be organized and prepared for your stay.

* Sky High Wilderness Ranch is a true Yukon experience! This "off the grid" lifestyle ranch is serviced by quaint outhouses, has limited cell service, no WiFi and water is hauled up from downtown.
