Then we sit in the comfort of our Lodge dining room to have breakfast and plan our day. Today we cover approx 35km in distance driving towards secluded Jackson Lake. The only sound will be the runners in the snow, the working dogs, and your words of encouragement. This is the day that you begin to know each dog's personality and form a bond that only man and dog can understand. With every stop, praise and show of affection for your dogs, they will learn to trust you and you to trust them. Relax in our sod roof sauna before retiring for the night. Overnight at Sky High Wilderness Ranch. (Breakfast, Lunch, Dinner)

Day 3 | Friday/Monday

Today your team will pull you East of the Ranch. As we climb in elevation we head onto an old abandoned mining road on McIntyre Mountain. Enjoy the rugged landscape of the coastal mountains nestling Fish Lake in its valley. Keep an eye out for wildlife - you never know what you might see! Return to the Lodge for the night. Take care of the dogs, curl up by the fire or sit around the dinner table recounting your adventures with others. There is a gravity fed shower waiting for you in the Lodge. (Breakfast, Lunch, Dinner)

Day 4 | Saturday/Tuesday

This day takes us towards beautiful Bonneville Lakes, west of the ranch. The trails are narrower here with some challenging ups and downs. The scenery is breathtaking and the coastal mountains are always in view to the south and west. Part of the trip we are above tree line and easily cover 20-30km. In harmony with the running rhythm of your team you will enjoy nature like you have never experienced it before. There is a gravity fed shower and sauna waiting for you in the lodge. (Breakfast, Lunch, Dinner)

Day 5 | Sunday/Wednesday

Imagine yourself years ago when only dogsled was used for transportation. Head out into the untouched wilderness for 3 days of winter camping at our Wall Tent camp at Dry Creek. A surge of new life creeps into your soul as you journey farther into the amazing landscape surrounding the Fish Lake Area. The trail on this day follows the shores of Fish Lake, climbs and heads into the coastal mountain range to the south. Enjoy the crisp freshness of this day and don't forget to take photos! Please note:

* To participate, you must be healthy, enjoy working with dogs and have a good team spirit. Dog sledding is a physical activity so you should be in relatively good physical shape. You don't just stand on the back of a sled and wait for the adventure to happen like in the movies. YOU have to work, YOU have to be fit. YOU are running with your sled to help the dogs up the hills or pushing it along with your legs. YOU do have to use your body to go on the trails to slow down and go round corners. YOU do help feed the dogs after they work hard all day, YOU do clear up dog poo at camp and set them up with straw for the night. YOU do ensure your kit is ready and checked every morning before YOU harness the dogs.

* We point out, that unforeseeable circumstances such as weather conditions, wind chill factor, extreme temperatures (-30 or lower), condition of the group or illness of the dogs may force us to change this itinerary. The safety of our guests takes precedence and our decisions are final.

* You will be required to sign a "release of claims and waiver of liability form" prior to the departure of this tour. We strongly suggest that all of our guests consider the purchase of travel insurance for protection against cancellation penalties and many other unforeseeable circumstances such as emergency medical evacuation.

* We offer hearty home cooked meals prepared by our guides in our cozy lodge kitchen We do not charge for special diets however we do require a Doctor's note in order for us to cater to any special diet. Space for cooking and food storage is limited and therefore ask that you send Doctor's note with all dietary issues/allergies at least 2 weeks in advance of your arrival so that we can be organized and prepared for your stay.
